1. Copies of the overlays of the Zonal and Czech borders have been made and one copy and the map sheets are being returned for use by [REDACTED] as agreed. Originals are being retained here.

2. The large number of corrections and additions made by [REDACTED] on the last go-round indicate the increased accuracy of collection efforts. The maps received from them are more complete and better detailed than those received from [REDACTED]. Please convey our appreciation of their efforts. The time lag in returning the overlays was caused by difficulties which Reproduction had in restocking Cronoflex when the supply gave out.
